Cory Ammerman is now working part-time hours.

Lines were painted on the following roadways to help with speed enforcement:

- Bullfrog, Orchard, Pecher and Stultz
- Requests have been made by residents on Boyle and Tract Rd for some lines and speed enforcement
- ENRADD has been used on Waynesboro Pk. For speed enforcement.

Only one truck was seen on Boyle Rd. He was stopped and given a written warning.

I worked the Fourth of July and the township was quiet.

We backed up Carroll Valley on two calls. They came into the township to back up PSP on a call. We have a very good working relationship with them.

The new uniforms are in.

The Dept. Facebook page is up and running. It still needs to be tweaked a little.

I have met more residents this month and it's been nice getting to know people.
